

## Chaoqun Qi (祁超群)

Advanced Electric Power Conversion Laboratory (AEPCL)

School of Information Science and Technology (SIST), ShanghaiTech University

393 Middle Huaxia Road, Pudong, Shanghai, China

E-mail: [qichq@shanghaitech.edu.cn](mailto:qichq@shanghaitech.edu.cn)

### Education:

---

**M.S. in Electronic Science and Technology**

**09/2021 - present**

School of Information Science and Technology, ShanghaiTech University

**B.S. in Electrical Engineering and Automation**

**09/2017 - 06/2021**

College of Instrument and Electric Engineering, Jilin University

### Research:

---

#### Wireless charger

Design, optimize and implement a novel wireless fast charger system. This system can avoid the redundant isolation and regulation of products in the market. A significantly higher overall efficiency can be realized.

### Academic Service:

---

- Teaching assistant for the course of Power Electronics in ShanghaiTech (02/2022 - 06/2022)

### Honors & Awards:

---

- Third Class Scholarship during the 2017-2018 academic year
- Second Class Scholarship during the 2018-2019 academic year
- The Chinese Mathematics Competitions Second class reward
- Jilin Province Mathematics Competitions First class reward
